Learning and Growing Together

23rd January 2018

Dear Parents and Carers,

We are delighted that our outdoor environment has been enhanced over the last few months especially with our Forest School investment.

In order for us to fully maximise the use of this incredible resource and that teachers can plan for strong curriculum links wherever possible, children should have the opportunity to use it in all reasonable weathers. This means having access to wellies and wet weather clothes.

We would like to therefore request that children are able to bring a set of wellies and wet weather clothes into school which can be available when required for any outdoor activities.

If any families are able, donations of old wellies and/or wet weather clothes would be much appreciated as these can then be shared across school if necessary.

Thank you for your continued support.

EUdall

Mrs E. Udall
Deputy Head Teacher
