Learning and Growing Together

25th March 2019

Dear Parents and Carers,

Many thanks to those of you who were able to attend our recent Parent's Evening.

As always, we asked you to give us some feedback about your experience and also about our school in general and the things we do well and perhaps those things that we could do even better. Once again your responses were overwhelmingly positive and I am writing to you all to share some of the things that you told us.

How was your experience of Parent's Evening tonight?

- Very positive with carefully considered constructive criticism.
- Welcoming and positive - the teachers always have a personal and detailed knowledge of my children.
- The atmosphere was such that we felt we could ask anything.
- One parent noted that it was noisy and you could hear another conversation in a classroom.

What is the best thing about our school?

- School provides an excellent start for children in their community and prepares them well to build for future integration in society.
- Park View is incredibly inclusive and considers the community and social aspects as being equally important to academic progress and we really value this.
- School has a family vibe just as it did when I was here.

Is there anything we can do even better?

- Earlier start to breakfast club.
- Keep up the good work.

Mr Stephens and all of the staff feel very proud of the journey that we have been on and we are very pleased to hear that you also feel that we are doing a great job!

On behalf of all the Park View team, I would like to take this opportunity to thank you all for your support as we continue to make our school even better for all our children and families.

Kind Regards,

Rachel McClean
Assistant Head Teacher
