***Learning and Growing Together***

25<sup>th</sup> March, 2020

Dear families,

I just wanted to firstly say that I hope you are all keeping safe and well. It certainly is an unsettling time the moment.

Secondly, I have reflected carefully on all our communication with you recently and I've realised that the majority of texts and emails have been sent directly for parental attention. At this uncertain time, I feel that it's very important to communicate with all our children too, so they have an understanding of what's going on.

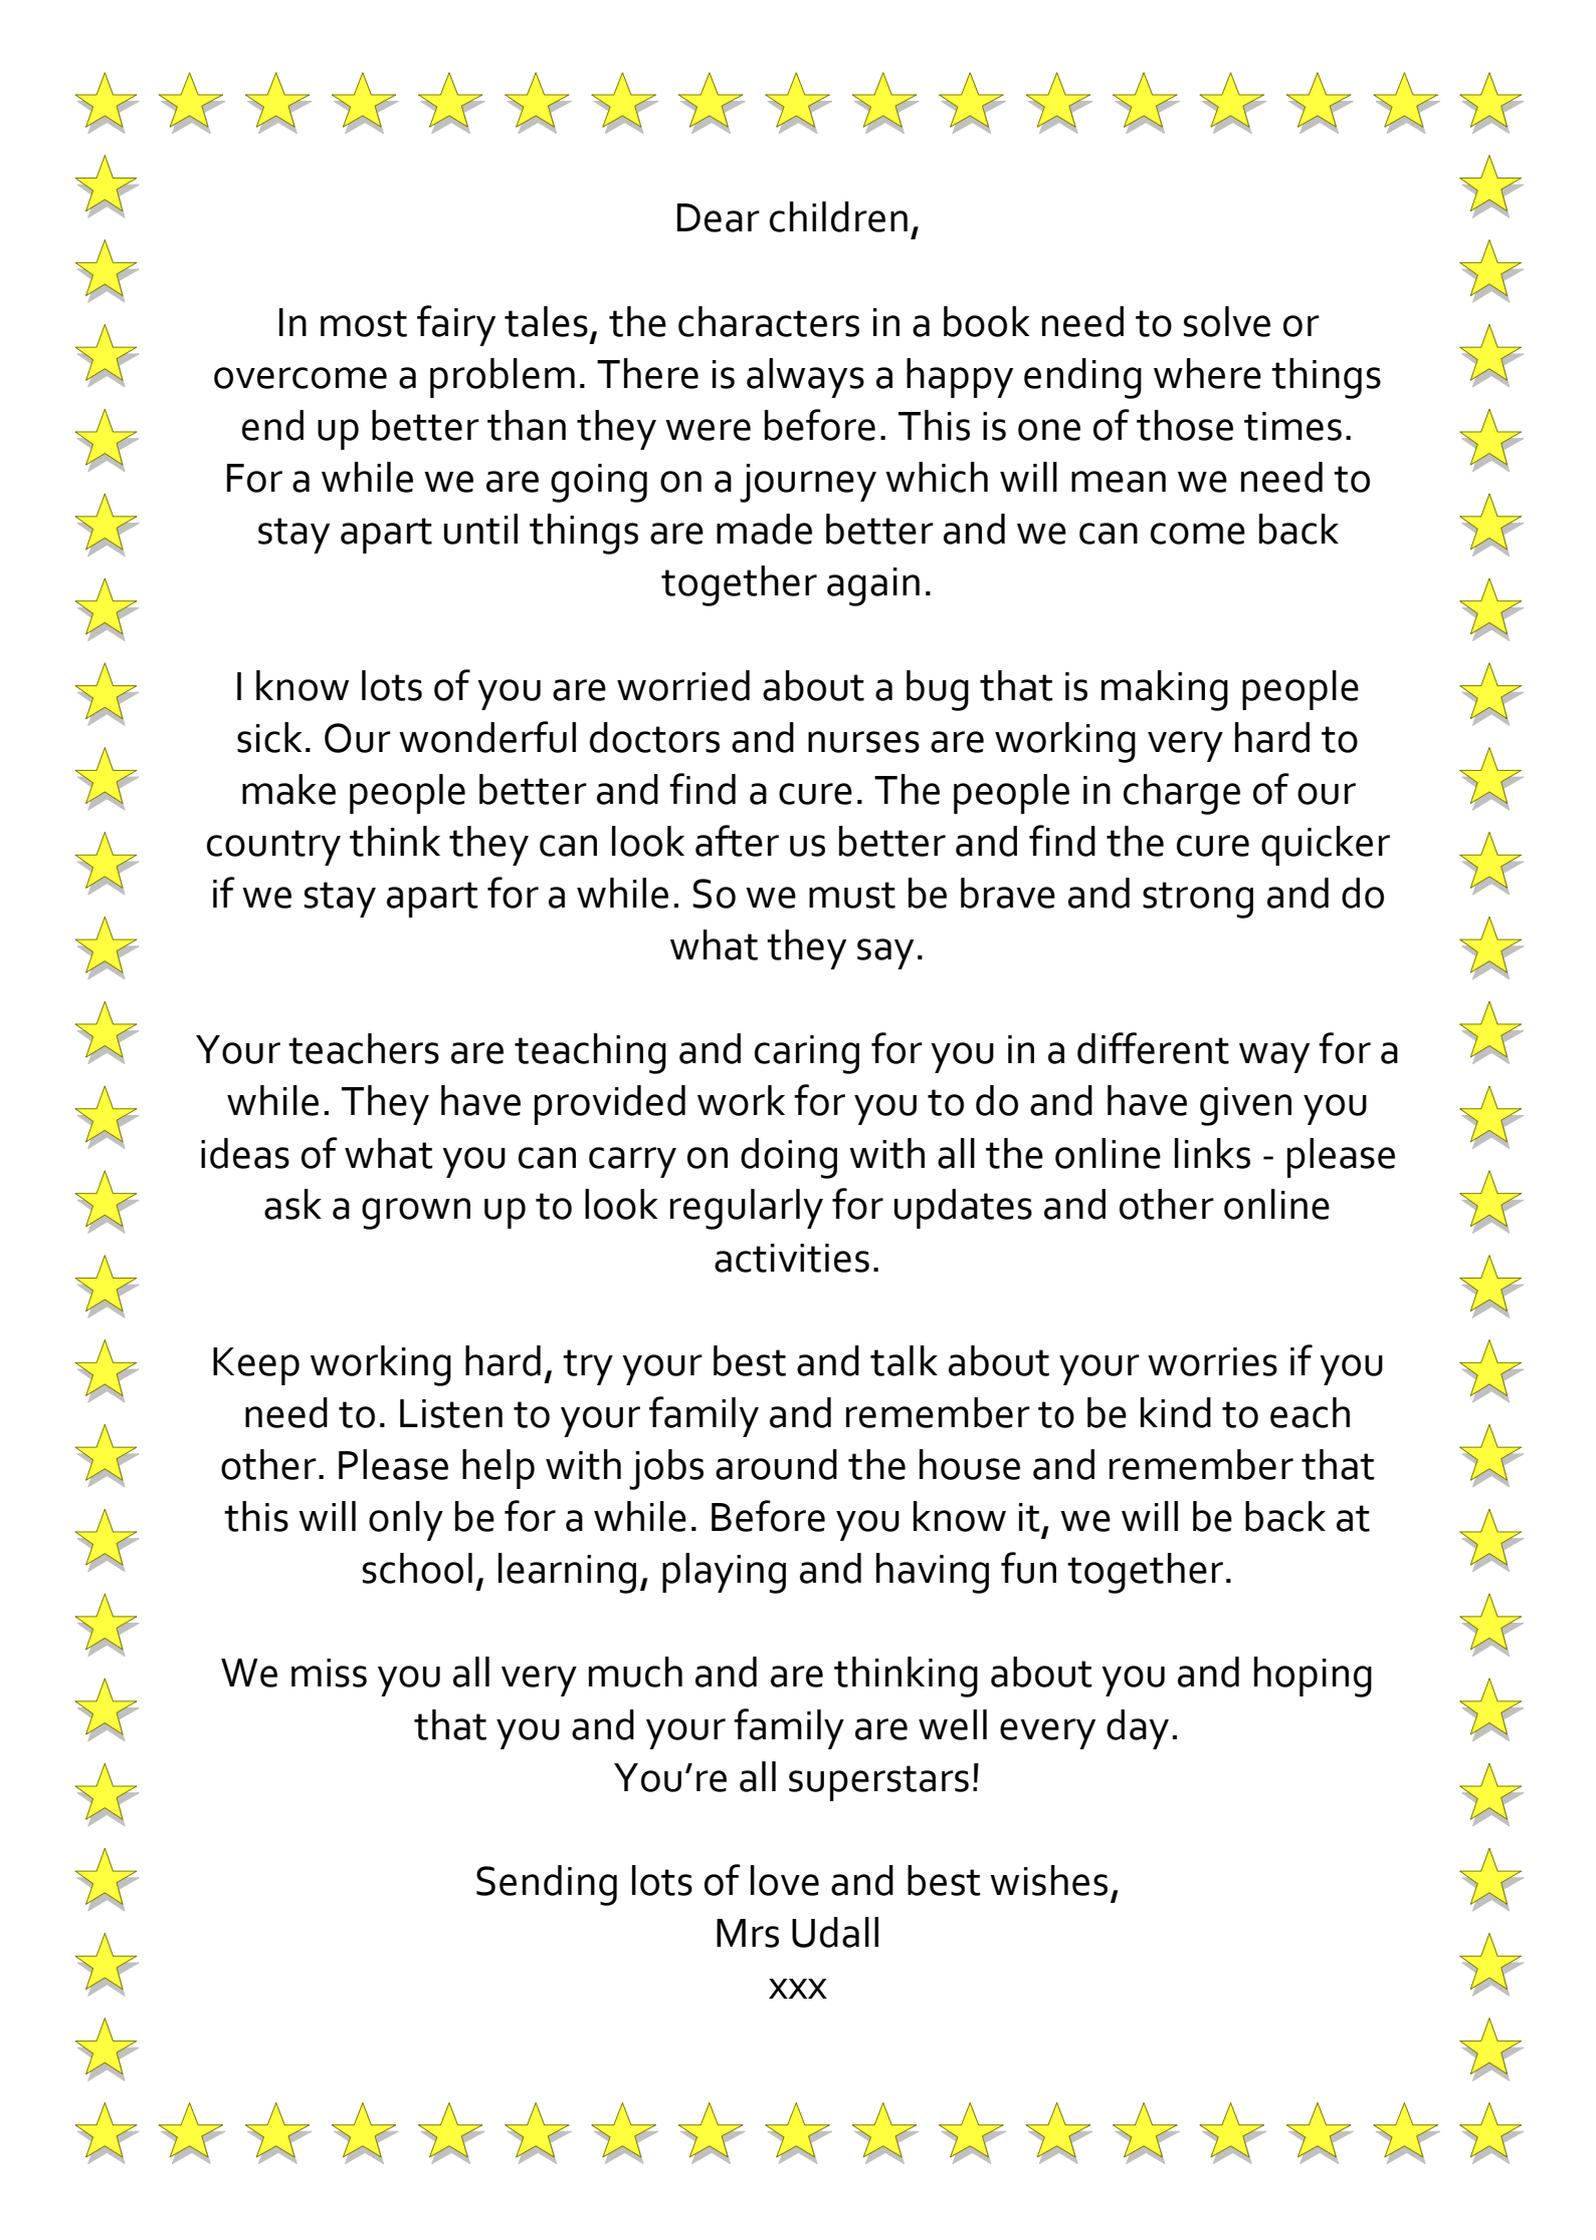

So on that note, please see the attached letter for all our children at Park View to give them a little child friendly insight into things. If you have a minute today, I would ask that you share this.

Hopefully it will go some way to calm and comfort them in knowing that we are still here and that we still very much want to welcome them back to school as soon as possible.

Thank you for your continued support, understanding and patience.

Keep safe,  
Mrs Udall

Dear children,

In most fairy tales, the characters in a book need to solve or overcome a problem. There is always a happy ending where things end up better than they were before. This is one of those times. For a while we are going on a journey which will mean we need to stay apart until things are made better and we can come back together again.

I know lots of you are worried about a bug that is making people sick. Our wonderful doctors and nurses are working very hard to make people better and find a cure. The people in charge of our country think they can look after us better and find the cure quicker if we stay apart for a while. So we must be brave and strong and do what they say.

Your teachers are teaching and caring for you in a different way for a while. They have provided work for you to do and have given you ideas of what you can carry on doing with all the online links - please ask a grown up to look regularly for updates and other online activities.

Keep working hard, try your best and talk about your worries if you need to. Listen to your family and remember to be kind to each other. Please help with jobs around the house and remember that this will only be for a while. Before you know it, we will be back at school, learning, playing and having fun together.

We miss you all very much and are thinking about you and hoping that you and your family are well every day.

You're all superstars!

Sending lots of love and best wishes,

Mrs Udall
