Learning and Growing Together

3rd April 2020

Hello Everyone!

Dear children,

I just wanted to say hello and I hope you are all doing well and still managing to stay healthy and safe.

It's been 2 weeks now since school closed so I hope you have been busy with the work packs your teachers sent out and have been able to access the online learning we have provided on our website. However, I also hope that you have managed to do some exciting learning in different ways....maybe doing some gardening, doing regular exercise, baking, helping round the house?? There are lots of ways to learn! But do make sure you get some rest too!

As we would normally have broken up for the Easter Holidays today, I wanted to send all my wishes and hope that you all have a nice break despite the unsettling circumstances we all find ourselves in. We are still following all the Government guidance and advice and so we will still be open for the Key Worker families who require it over the Easter holidays. I will be giving updates as soon as I can regarding a potential return to school, however currently that does not seem likely to be 20th April!

Your teachers are working incredibly hard behind the scenes setting up some exciting online platforms so work can continue to be provided for you all. They are keeping in touch with myself, Mrs McClean and Mrs Gaskell, therefore we are working together to keep things updated on the website too. Please ask your parents/carers to look out for some communication regarding this very soon.

In the meantime, please continue to keep yourselves healthy and keep safe.

We miss you all,
Love Mrs Udall
