Learning and Growing Together

School Update

11th May 2020,

Dear Parents and Carers,

I hope that you and your family are keeping well and that you enjoyed a lovely weekend and managed to enjoy some special family time to mark VE Day on Friday.

I am sure that you will be aware of the announcements made during the Prime Minister's statement last night and of course you will have many questions surrounding your own individual situations. School is just the same. We are expecting further clarification and some more specific answers to help us plan our next steps as there is much to consider. Currently, the only information we have is the announcement.

At this moment in time, there is no change to the guidance. School will continue to provide care for those children whose parents are critical to the Covid-19 response. The message remains that it is safer to stay at home so our current situation remains the same as it has been for the last few weeks.

We will be seeking further guidance on how we will continue to keep children safe during the next phase of development; how we will implement safer distancing given a significantly increased number of children in school and ensure that we can maintain suitable levels of staffing whilst doing our best to protect them and their families. It is vital that as a school we are completely prepared in readiness to do our utmost to keep your child safe, healthy and happy.

As always, we will keep you informed but for now, please try not to worry. Our current plan is to continue to provide home learning, keep in contact with you and continue to do our best to support one another other in these very challenging and uncertain times.

Further updates and information will be available as soon as possible.

Take Care,

David Stephens
Executive Headteacher
